## SENIOR TEAM IS PREPARED FOR QUEEN'S

### Light Work-outs for Squad Before Game

### MANY NEW MEN

### Queens has Practically Their Whole Championship Team

About twenty-five men of the senior squad were out yesterday in preparation for tomorrow's game with the Queens outfit Coach Shaughnessy put the men through about twenty minutes of scrimmage practice and spent the rest of the time in perfecting the signals. The workout was not as hard as that of Wednesday as the coach does not want any of the men to be injured and be forced out of Saturday's game. The squad at present is in fine shape and when the whistle blows for the game every man will be fit for the fray.

Since the Seniors met the Blues and Whites squad in Toronto, two weeks ago much has been accomplished. The many mistakes that that game brought have been corrected and all the weaknesses in the line that manifested themselves in the game has been attended to. The squad showed up particularly well against the R. M. C. outfit and showed plenty of fight and good playing ability. The Queen's team this year is a team of veterans, practically the same team that last year won the championship of Canada. They have an exceptionally heavy line and a smoothly working backfield. The Badstone-Leadly comination one of the best known in Canada and everyone knows what they are like on an end run. McKilvey and Thomas are great linesmen, and the rest of the men are all of championship calibre. The Queen's team this year is an outfit that have battled together to the Dominion Champ onship for two years in succession and will be a hard one to stop.

It is against this team that the Seniors are pitted on Saturday. The Senior squad is composed this year of men who for the most part are playing their first year in senior company. It is a newly assembled squad and lacks the experience of its rivals from Kingston. Moreover, the Red and White line is considerably whiter than that of the Tri-colour squad. The McGill backfield is a veteran one and can be relied on in any game, for every man on it is going at his best at the present time. The game on Saturday will be a fight between an older and heavier team attempting to stop a younger and lighter squad this year it must be said that they have shown remarkable progress in knowledge of the game and playing ability. Coach Shaughnessy at the outset was faced with the task of constructing practically a new line from about thirty candidates who reported for pactice. In the few weeks since then he has moulded a line that compares favourably with any seen at McGill for sometime. This year's squad have developed into a scrappy well rounded aggregation and will be hard to stop. Naturally at the outset they were not up to form but played a hard game on evey occasion. The two victories against M. A. A. A. and R. M. C. gave the squad the necessary confidence and faced as they are against a champion team in their first home game, the team is confident of putting up a good game against the Kingstonians.

## DEVOTEES OF ROYAL GAME CLASH TO-DAY

### Red asd White Golfers in Intercollegiate Match

### AT BEACONSFIELD

### University of Toronto Only Other Team to Enter

The McGill Golfers will play in Intercollegiate competition, against Varsity to-day. The matches will be played at Beaconsfield which club has kindly offered its course for the matches and have also allowed the Red and White players to practice there.

The McGill team, R. M. Hayes, J. A. Cameron, L. Mickles, A. W. Mitchell, Warde Allen, and B. Cochrane, have been playing regularly and are all set to take Toronto into camp. Two Varsity players were trying the Beaconsfield course yesterday. They were Fred Carrick one of the Blue and White's best men who could not play last year because he was on the Rugby team and G. F. Lyons one of the best golfers in Canada.

Both these men put in about an eighty-three yesterday but should make it much better to-day since they know the course. It is understood that some of the McGill men are playing around par, so prospects look bright.

The first match will be played off to-day and the finals on Saturday. Thirty-six holes will be played each day. McGill won the Intercollegiate title last year and hopes to repeat this season. University of Montreal have entering a team this year. The Toronto withdrawn its team. Queen's is not team in order is, Somerville, F. Carrick, G. Lyons, J. Sullivan, J. Carrick, and Porter.

## TEA AT UNION HUGE SUCCESS

### "Rusty" Davis and Orchestra Delight Crowd

Lovers of jazz music, tea and pastry, who attended the second jazz tea of the session, were highly entertained at the Union Cafeteria yesterday afternoon by "Rusty" Davis and his orchestra.

Many students sought respite from their labours, in the form of a quiet cup of tea, made more pleasant by music, all found themselves enveloped in a riot of music.

"Rusty" and his orchestra lifted one into the clouds by dreamy waltzes or made one shake a leaf when a lively fox-trot was played.

The Cafeteria was filled to overflowing, many being forced to stand awaiting an opportunity to snatch vacated seats. After the music had started many who were employed in other pursuits about the building were attracted to the Cafeteria by the magnetic forces which music exerts. "San" "Secrets" and "Somebody Loves Me" were among the many numbers which were encored again and again "Shangi Lullaby," Picking them up and laying them down

## A NEW EXTENSION COURSE OPENED

Among the extension lectures offered by the University this year is a course in Evolution and Genetics. It consists of fifty lectures with demonstrations by Professor Carrie M. Derick and is given primarily for teachers, for whom it counts as one unit, however, it is also open to the public with a fee of $10.00. It is held in the Biological Building on Wednesdays and Fridays at 7.30 p.m. commencing on October 22nd.

## ANNUAL CONVERSAT NEXT WEDNESDAY

### Opportunity for Freshmen and Freshettes to Meet

To eager freshmen and bashful freshettes comes the welcome announcement that famous Conversat, one of the largest social function of the college year, will take place on Wednesday, October 29th. Strathcona Hall will again be the scene of the gathering, and the S. C. A. will once more take the responsibility of organizing the event.

Though long delayed this year owing to the alterations being made at the Hall, the Conversat promises to equal if not surpass all previous efforts. The main purpose of the gathering is to enable the freshmen and freshettes to meet each other, although men and women of the senior years always turn out in large numbers. Last year nearly 700 were entertained, and the number will probable be exceeded next week.

The Conversat in form is like an informal dance with conversation instead of dancing. Each number lasts about ten minutes, so in the course of the evening one can meet a good many people. The Conversat is one of the most popular functions of the year and all indications are that this year it will be as always, a success.

## DETAILS OF GAME TO BE BROADCAST

### First Time in History of McGill

### GREAT INNOVATION

### Station C.K.A.C. Will Broadcast Saturday's Game Play by Play

For the first time in the history of McGill an intercollegiate rugby game between McGill and Queens at the Percival Molson Memorial stadium will be broadcast play by play from station C. K. A. C. through the courtesy of the local French evening newspaper La Presse. This announcement should hold special interest for both graduates of McGill living in this district and for the Queens supporters who are unable to journey to Montreal. Members of the Daily staff will relay the news, play by play, from the field house to station where it will be broadcast from La Presse's well known station. This should be of great value to those who cannot attend the game to listen in and hear how their Alma Mater is faring on the gridiron. For this McGill is indebted to the management of station C. K. A. C. La Presse who kindly consented to allow the members of the Daily to use their broadcasting station. It is hoped that when the McGill team play in Kingston on the following Saturday, that the McGill men will be privileged to listen to the details of the game there.

## PHYSICS LECTURE BY DR. L. V. KING

### "Molecular Structure and Optical Phenomena" the Subject

A very interesting lecture was given by Dr. L. V. King F. R. S. in room 2 of the MacDonald Physics Building. There was quite a large audience. The subject of the lecture was "Molecular Structure and Optical Phenomena". Dr. King spoke about the depoloxization of light in various gases and he explained why the sunset is red and why the sky is blue. Several very interesting experiments were performed which illustrated how a molecule behave when excited by light and also explained electrostriction. After the lecture questions were asked by several members of the audience which were answered by Dr. King.

The next lecture will be number two out of a series of three and will deal with the scattering of light in liquids. This lecture will take place Thursday, Oct. 24th at 5 p. m. All those who are interested are invited to attend this lecture as it will prove to be a very interesting one indeed.

## EVERYBODY TURN OUT TO-DAY AT 5

### Rooters' Practice in Preparation for To-morrow's Game

### SLACKERS BEWARE!

### Band in Conjunction with the Singers

At 5 o'clock this afternoon everybody interested in the fortunes of the McGill Senior Rugby Squal will meet for a rooters' practice in the Union Ball Room. This is the last practice before the Queen's game on Saturday at the Stadium. According to present propects the game should be closely contested and hence the team should have all the support possible from the rooters.

This afternoon there will be a rehearsal of yells and song. A number of these are given elsewhere in this issue.

The Rooters' Band under Bob Logan will be present in conjunction with the singers. Alex Olmstead will be in charge of the proceedings.

On Saturday the rooters will line up on the old campus at 1.30 p. m. and led by the Band will march to the Stadium. They will be joined by the red tammed Arveyseyettes, at a quarter to two.

As the game starts at 2.15 p. m. everybody is asked to be on hand at the appointed time. If possible as many can should wear streamers.

The entire bleachers has been reserved for the rooters so that no one need fear the possibility of not getting a seat. Coupon No. 5 will give admission.

## FIRST MEETING OF MUSIC CLUB

### Mr. Blair Talked on French Music

Its first meeting of the season was an unqualified success for the McGill Music Club. It was held last evening at the home of its president, "Bill Shepherd, 157 Edgehill Road, Westmount. This meeting will long be remembered as an exceedingly interesting and instructive one, made so by the reading of an excellent paper on French music by Mr. Blair, which was delighfully illustrated by songs from the several French schools of music sung by Mr. Issaurel and Miss Anslin.

During the business meeting which preceded the address, the president made many very hopeful remarks with rgards the progress of the ticket-sale for the Edmund Burke concert. He stated that cash to the amount of over $1,000 had been received for tickets and that many others had been spoken for.

It is customary for each meeting to be marked by an address by some prominent figure in musical circles, so that last night the large number of members present were delighted by a resume of the progress of French music from the 16th century to the present day by Mr. Blair, well known as a pianist and teacher.

The Music Club was also fortunate in having Mr Issaurel, a distinguished vocal teacher and his pupil Miss Anslin, who accompanied him, and who at the close of the address gave charming illustrations of the different schools of music as mentioned by Mr. Blair. Teacher and pupil sang a great variety of French songs by such celebrate composers as Forre, Debussy, Duparc and Cesar Franc.

To conclude a delightful evening several sections of chamber music from Beethoven and Schumann were played by three old favorites, members of the Musical Club: "Grange" Woolley, Wills Malone, and Howard Elliot.

If its healthful to sleep between cotton sheets, under wollen blankets, why isn't it also healthful to walk in cotton underwear and wollen overcoats?

## TWO DESCENDANTS OF McGILL HERE

### The Misses Dewar View Work of Illustrious Forefather

Delving among the priceless historical records and treasures of the McCord Museum yesterday were two direct descendants of the founder of McGill University in the pedsons of the Misses Katherine C. and De C. Lethwaite Demad, who are making a brief tour of the United States and Canada. Their intinerary included Montreal more particularly for the purpose of gaining a clearer insight into the life of their illustrious forefather, and they found the McCord Museum an invaluable source of information in this respect.

The great grandmother of the Misses Dewar was Margaret McGill, sister of James, who became the wife of William Dewar. James McGill is therefore theif great grand uncle.

The Misses Katharine and Lethwaite Dewar were, as modestly related to a Daily reporter, born in Ceylon and received their early education there. Later the educational advantages offered by England and Scotland were the means of their leaving Ceylon for those countries. Both are graduates of Glasgow University. Miss Katharine specialized in Social work, in London as well as Glasgow. She is at present Warden of Birmingham Settlement and among other articles has written one in "The Gill" which appeared in a series of Social Service books published in London. Miss De C. Lethwaite is an artist of considerable note, and has frequently exhibited her work at the Toronto Exhibition.

While in Boston they visited a sister, herself a doctor of medicine, who is the wife of a professor of clinical surgery at Harvard.

Their tour, which they described as being highly interesting and at all times pleasent, will end at Quebec Saturday when the depart for the mother country.

## HISTORICAL CLUB HELD ITS OUTING

### First Meeting of Historians Partly an Outdoor Event

### VISITED CHAMBLY

### Two Papers Read by Members of Club

Fort Chambly was the most outstanding of the many historical monuments in the country consisting of the villages of Chambly Chambly Basin, Richelieu and their environs, visited by members of the historical Club yesterday.

The custodian of the fort gave the club a short address in French his own tongue; after the club had been photographed with one of the walls of the old fortress as a background, the same gentleman conducted the gathering about the ruins.

After this episode the club proceeded to the historic old Anglican Church of Chambly. The Rev. Mr. Thomas, the rector of this church, took the party inside the edifice and pointed out the more interesting details of the place, while he illustrated them with many anecdotes.

At about four o'clock the Historical Club left Chambly for its ultimate goal, the residence of Mr. Latter, the uncle of Eugene Forsey, the club's president. Tea was sered here by Mrs. Latter, during which two papers were read, one by Aikman and the other by A. A. Macnaughton. These two short talks dealt with matters of historical interest in the military social, and political life during the early development of the community of Chambly.

The Rev. Mr. Thomas followed the addresses with an impromptu discourse on those things pertaining to the subject under discussion which he had learned during his sojourn in Chambly as rector of the English parish. Mrs. Latter also mentioned some interesting facts.

The president, Eugene Forsey, made a few remarks essential to the conduct of the club's business, which was succeeded by a talk by Prof. Williams. The latter referred to the fact that Prof. Merriman of Harvard University, during his visit to Montreal last spring, had given the sum of thirty-five doliars as the beginning of a fund to promote scholarship in historical studies at McGill.

## FRESHMEN HOSTS TO SOPHOMORES

### Highly Successful Banquet Last Night in Union

### ANNUAL AFFAIR

### Sir Arthur Currie, Dean McKay and Basil MacLean Guests of Honor

The Arts Freshmen played the host to the Sophomores last evening at the Annual Banquet. The Union was appropriately decorated for the occasion and proved a most fitting setting for the event. A menu was provided, and rapidly disposed of, that upheld the reputation of the Union of being Montreal's Banquet Hall "par excellence."

A freshman pianist accompanied by traps and violin provided music during the dinner. The Principal, Sir Arthur Currie, Dean McKay of the Faculty of Arts. Bob Fortune, President of the Arts Undergraduate Society; and Basil McLean, President of the Student's Council, were the guests of honour.

The company then turned its attention to the toasts and speeches which were recieved with enthusiastic applause. Kerr, the Freshman President, opened the programme with a number of apt anecdotes, and proposed the toast to the King.

The Freshman Vice-president, Bell, followed with the toast to the Alma Mater, in a few well chosen phrases urging his fellow students to do their utmost to uphold the present prestige of Old McGill, and to consider themselves fortunate in having the opportunity of attending a University that held many claims to their affection. Basil McLean then replied expressing his appreciation of the council in being represented at a Freshman—Sophomore function. He then dwelt for a few minutes on the Council's attitude in the recent initiation.

The advantages of an Arts education were then dwelt upon by Alexander in a toast to the Arts Faculty.

Dean McKay responded with a number of incidents of his own undergraduate days and expressed his pleasure at being present at the Freshman—Sophomore Banquet. Sir Arthur Currie touched upon the serious aspect of a university education and his speech could not have failed to have had a profound impression upon all present. The Principal remarked that in his four years experience at McGill he had found that workers, and workers only, succeeded

Bob Fortune, President of Arts Undergraduate Society, delivered an address that was replete with clever anecdotes that brought forth the appreciation of the company.

The Toast to the Sophomores was proposed by Marchison and replied to

## MEETING OF DAILY STAFF

### Executive of Daily Addressed Meeting

An address by the president of McGill Daily featured the meeting of the staff of the college newspaper held in the editorial rooms last night.

Since the speaker of the evening Mr. Wright of the Montreal "Star" was unable to appear, the president of the Daily, S. M. E. Read, opened the proceedings with an address on the art of newspaper writing.

Hugh MacMillan, editor-in-chief, followed him and gave the staff some pointers on writing headings and articles, while Ted Newton Manager-editor, gave the meeting the benefit of his wide and varied experience in newspaper writing. The meeting was then thrown open to discussion and all newspaper business was discussed from headlines to Pups. Refreshments were served after which the meeting was adjourned.

## INFORMAL IS GOING TO BE GAY AFFAIR

### Toronto to be Guests of Honour

### TWO SITTTINGS

### First Informal Dance Will Start Promptly at 8.30

McGill holds its inaugural function tonight, the always popular "First Informal." This event is being held in the splendid ball room of the Union. Since it's renovation this summer, the ball room is an ideal place to hold this dance, for, to quote enthusiastic writer "no finer surroundings for a dance can be found within the boundaries of seven counties, ten towships, and forty-one states". A very pleasant surprise awaits those who remember the Ball Room from last year, and who have not yet seen it this year.

There seems to be some mystery attending some of the arrangements for the evening, but those in charge modestly admit that it will be at least as good as the best held in the past, and probably much better, if this great degree of excellence be possible. For the comfort and safety of the freshmen who have not had the priviledge of attending a McGill Informal before, it is well to remind them, that anyone of them appearing in dress suit, dinner jacket or silk hat will be absolutely refused admission, and will very possibly be forcibly ejected.

The management has been fortunate in securing the services of Cliff Menzies with his newly formed "Collegians' Orchestra," as they have a long engagement at the "Gables," commencing Saturday night. Cliff Menzies is famous for his skill with a tenor banjo, and Willard for his ability at the piano. These, and the other four artists in the orchestra are too well known however, to need introduction. It is of particular interest to note that tomorrow, the "Collegians" will make their first formal debut before the public, at the opening of the Gables."

Among the patrons of the dance, are Col. and Mrs. Bovey, and Dr. and Mrs. Furness. The team from the Toronto Golf Club, which is playing in Montreal, will be guests of honour of the evening.

It is important to note that there are two supper sitting. Those whose tickets do not expressly state "second sitting" are to go in the first sitting. When the admission ticket is presented, one half of it will be detached, and returned to the owner. This portion must be retained, as no one will be admitted to supper, unless the stub of the ticket is produced. "Pierre" has charge of the supper arrangements, and from his preparations, it looks as though he will greatly excell himself.

As the programme is lengthy, it is announced that the dance will definitely start at 8.30 P. M. regardless of whether all prospective participants are ready or not. As it is as easy to be there at 8.30 as at 8.45, it is hoped that everyone will be on time.

## *STERN JUSTICE METED OUT TO N.Y. FRESHETTE FOR REBELLIOUS MOOD*

That disobeyment of rules brings on its heels terrible and swift retribution was found out yesterday by a Commerce freshette of New York University, who, decked out in a pair of brown trousers, a belt that would put Sam Brown to shame, and a lurid, green blouse was paraded up and down the building to "strut her stuff" before the critical Sophs. The decorations on her face, tastefully done in red and green paint would have done credit to a Comanche Indian.

Judging by her actions, the young lady must be very fickle indeed. On the third floor she proposed to no less than three of the male spectators, bidding each of them flee with her to Spain. Perhaps she chose this spot as being furthest from the wrath of enraged Sophs. However, school loyalty prevailed and she was spurned.

Though her asthetic dancing was passable, the Freshette is sadly lacking in her knowledge of music. This is one forte that she should immediately develop. The songs offered in a quavering soprano did not, to put it mildly, brink down the house.

A great deal of credit is due the girls of Commerce for their efforts to for Frosh rules. This hazing is the first act of a new regime. From now on all girls caught disobeying regulations will be treated in a similar manner.

## *FRESHMEN OF TWO COLLEGES VIE FOR ATHLETIC SUPREMACY*

A camparative physical ability test is being held between incoming freshmen at Williams college, Massachusetts, and the entering freshmen at the University of Oregon.

This test contains an eight-foot fence climb, a one hundred yard dash, high jump, rope climb of twenty-five feet and a fifty-yard swim. This test was started this week and will continue for six consecutive days. After the six days, the records of the test will be compiled by both schools and the results sent to each other.

The test will be ruled by point system and the time taken for each event will be timed with a onetenth second stop watch. Earl Wilmer, assistant professor of physical education has charge of the test here and is running the events off as rapidly as possible. Every member of the freshman class is being required to take this test.

Some of the purposes of this test are to determine the physical ability of the entering freshman in a western college versus those of an eastern college. Another main reason is that the physical education department may determine what kind of a physical requirement should be placed on incoming freshmen.

When certain standards have been determined high schools of the state will have to give their students physical education courses in order to have University requirements. The physical education requirement will be as important as other University entrance credits.

## POINTS OF VIEW.

Recently one of our professors used a remarkably fine illustration to show differences in point of view. He drew a circle on the board and showed that, viewed from a point within the circle it would look quite different than if viewed from a point outside. Our purpose at the present time is the elucidation not of some abstruse idea, but of a very practical and somewhat disagreeable one.

We, who work editing the Daily view a certain circle from the inside, whereas many of our readers will view it from the outside. We are referring to the question of getting notices and reports of society meetings to the office early. The practice of sending in sketchy telephone reports and notices interferes seriously with our editorial economy. In the course of an evening there are wasted many precious minutes by thoughtless executives of societies who take the night editors or reporters away from their work to answer telephone calls. We do not wish to lay down strict rules regarding time for getting in notices, but we suggest that if written notices were deposited in the office in the afternoon there would be less complain about the Daily getting things confused.

Last week a miniature tornado burst into the editorial sanctum. After subsiding somewhat it demanded why we had not published in that morning's issue an "advanced" account of a particular event — a meeting of some importance to a number of students in the University, but still almost a week ago. The votaries of some societies feel that news concerning their particular hobby should have precedence over all other news. If the Prince of Wales had dropped in at the Union Cafeteria yesterday it would be news for to-day's Daily. If he were scheduled to do this next week, or had done it last week, it would be news. To be of interest to readers an event must be timely. It sometimes happens that an advance notice of a meeting which is taking place next week is crowded out of our columns by relatively less important events, but which at the time have greater news value.

## CONDENSED COMMENT.

The undergraduate social season of McGill opens this evening with the Informal Dance at the Union. This is the first of a series of dances that will be held during the session, and which form such welcomed respites from arduous daily tasks of the student. The precedent of last year will be followed, and tuxedos will be taboo. This piece of legislation was designed with the sole purpose of making the informal dances strictly informal, and of making those who were in the habit of appearing in ordinary attire feel perfectly comfortable and at home. The success of this dance itself is assured; the ball room is in perfect condition, and one of Montreal's premier student dance orchestras has been secured. The hundred and fifty odd couples who will be on the floor to-night are certain to enjoy themselves

# COUNCIL TO INVEST $5000 IN SECURITIES

### Surplus Funds to Bring in Larger Income

### TWO VACANCIES

### Resignations of Mr. Read and Mr. Munro Accepted

Rapid and efficient disposal of a large agenda of business marked the meeting of the Students Council held in the Union yesterday afternoon.

When the business arising from the minutes was called for, the matter of students parking cars in the College grounds was again discussed and it was reported that the University authorities had been approached and a request forwarded to the Grounds Committee asking that parking space be provided at some point within the Campus.

The question of incorporation of the Students' Council was again brought up and the secretary was instructed to obtain details of the cost of incorporation. The Advisory Board have already been approached and have advised incorporation.

It was decided that $5000 of the cash surplus in the bank be invested in first class securities through the medium of the University Finance Department. This will result in an increased return of about $150 per year on the investment.

After some discussion the sum of $50.00 was voted as a contribution to the Athletic Board towards the purchase of an adding machine for the joint use of the Students Council and the Athletic Board.

The question of the relations of the Council with the different departments of the University was discussed and it was decided that the Daily should endeavour, as the official organ of the Students Council, to avoid any friction with the various Faculties.

The office of Dental Representative to the Students Council has become vacant on account of the absence from college of Mr. Herb. Munro and the Secretary was instructed to call for nominations immediately for a representative from Dentistry to occupy this position until the completion of the term on December 30 1924. The member to be elected must come from the Fourth Year in Dentistry.

A letter from the Federated Charities was read in regard to organization for the canvassing of the students in the coming campaign. The Council approved a collection among the undergraduates in aid of this cause and the secretary was requested to confer with the S. C. A. in the appointment of a Chairman and Committee in charge of the collection.

Miss Cartwright has kindly offered two prizes, one for the First Consolation Tournament, and one for the Second Consolation Tournament, in which those who were defeated in the second, third and fourth rounds will play. The draw will be posted to-day at ten o'clock.

R. V. C. INTER-YEAR TENNIS.

Class managers are requested to hand the list of their teams in to-day, as the tournament must begin at once. Each year must have a first and second player for Singles, and a third and fourth for Doubles. Fourth Year plays Third, and Second Year plays First.

HARRIERS.

The Harrier Club is holding its annual Interfaculty competition Saturday morning at 11.45. Every long-distance man should enter.

R. V. C. MUSIC CLUB

There will be a meeting of the Executive of the R.V.C. Music Club today, at 1 o'clock, in Room 2.

McGILL RIFLE ASSOCIATION.

Members should note that the Association has decided to leave at 8.30 o'clock instead of 9. Aperture sights are to be issued this Sunday, so every one should be out. Two rifles were not returned to stores last Sunday. They are expected to be returned before this Sunday.

Fees are due this Sunday.

CHESS CLUB.

Below is given the list of competitors in the elimination tournament for the McGill Chess Club team, together with the phone numbers of each, so that they can get in touch with one another, and play off the various games which will be announced in rounds daily. All others wishing to get into the club and try out are urged to get in touch with A. Edel, Plateau 5439.

GOLF CLUB

The executive of the golf club has arranged with Beaconsfield and the Royal Montreal Golf Clubs to allow candidates for the Intercollegiate team ample opportunity for practise. The visitors register in each club must be signed. All purchases made are to be signed for by the individual and also put McGill on the chit. The following are the persons to whom these privileges are extended: L. G. Mickles Jr., Jack Cameron, R. N. Hayes, B. Cochrane, Waide Allan, A. W. Mitchell, T. McAvity, W. Powers, Steacy, West.

If those feeling they have the ability to match the team would please

## MEETING OF R.V.C. UNDERGRAD. SOCIETY

A brief meeting of the R. V. C. Undergraduate Society was called yesterday to discuss the matter of selling favours at the Queen's—McGill game on Saturday in order to help in sending a rooter's band to Kingston.

It was decided that R. V. C. should co-operate with the men in this matter. Miss McMaster was elected convenor of a committee to attend to the selling of favours, and it was left to each class to appoint six members for the work.

And so we must close with the inimitable saying of H. L. W.

"She may be a school teacher, but she has no class!" Ex.

## C.O.T.C. ORDERS

McGILL CONTINGENT C.O.T.C.
BATTALION ORDERS
BY
LIEUT.-COL. R. R. THOMPSON, M.C.
OFFICER COMMANDING.

Week ending November 1st, 1924:—

**Orderly Officers.**

Orderly Officer, Monday, Tuesday and Wednesday, Lieut. W. H. Boyd. Orderly Officer, Thursday, Friday and Saturday, Lieut. Pennell. Next for duty, Lieut. McKenzie and Lieut. Kingston.

**Orderly Sergeants.**

Orderly Sergeant, Monday, Tuesday and Wednesday, Cpl. Coppin. Orderly Sergeant, Thursday, Friday and Saturday, L-Cpl. Smyth. Next for duty to be announced later.

**Recruit Drills.**

Recruit Drills will be held at the Montreal High School at 5.15 p. m. every day but Thursday and Saturday. Dress, mufti.

**Battalion Parade.**

The battalion will parade at the Craig St. Armoury every Thursday night from 8-10 p. m. Dress, service uniforms, N. B. Those who have not yet received their uniforms should parade in multi.

**Out-door Manoeuvres.**

There will be a parade of the whole contingent on Saturday afternoon, November 1st. Fall in at 3 p. m. at Headquarters, 740 University St., where arms etc., will be issued.

In the scheme, one army is supposed to be retiring on a wide front, and leaving behind machine-guns with orders to delay their opponents as long as possible, by holding their positions to the last. Their opponents are advancing on a wide front by approximately parallel roads with advance-guards. The operations will be in country where cavalry cannot operate. Lieut. G. M. Hyde will be in command of one of these advance-guards, with Lieut. G. A. Grier as second in command. Lieut. Kingston will be in command of a rear-guard of machine-guns. Those taking part are recommended to obtain Field Service Regulations Part I from the Q. M. Stores, and read portions relating to Advance, Flank and Rear Guards. Dress, uniform. Those who have not received uniform issue cards may parade in mufti.

**Uniforms.**

The Q. M. Stores will be open for the issue of uniforms every week-day except Thursday and Saturday from 5-6 p. m. All ranks must obtain uniform and equipment as soon as possible.

**Recruiting.**

The Orderly Room will be open for signing on recruits and for delivering uniform issue cards to trained men, every week- day, except Thursday and Saturday, from 5-6 p. m.

**Passing of Recruits.**

The following officers will be present at drills for the passing of recruits, as under:—

October 27th - Major Forbes
October 28th - Captain Olmsted
October 29th - Captain Stevenson
October 31st - Major Jeakins.

**Academic Credit in the Faculty of Applied Science for Military Science**

The following resolutions were passed at a recent meeting of the Faculty of Applied Science:—

1. The Faculty of Applied Science hereby expresses its general approval of the proposal that academic credit be given for the subject of Military Science as taught by the C. O. T. C.

2. The Faculty accept the certificates A. and B. or either of them as entitling a student holding them to additional credits in his first, second or third year and either additional credit or acceptance as an alternative course in the fourth year provided that all students proposing to apply for such credits in any session, shall register for them not later than November 1st., and shall have their courses approved by the Dean and by the O. C.- C. O. T. C.

3. That the amount of credit to which the holder of either of these certificates is entitled is to be determined by the percentage marks assigned him by the War Office Examiners based upon the full mark value of the subject of 75 in the first, second and third years, and 100 in the fourth year.

**A and B. Examinations.**

Cadets who intend to take the examination for their A (Lieutenant's) or B (Captain's) certificates next March should hand their names in to the Adjudant, Registrar's Office, as early as possible. Science students who intend to take advantage of the recent resolutions of the Faculty of Applied Science giving academic credit for Military Science, must enter their names not later than November 1st.

When handing his name in, each cadet should state briefly in writing what his previous military experience has been, e.g., number of years in Overseas Forces, Senior C. O. T. C. etc.

**Week-end Excursion to Ste. Anne de Bellevue.**

There will be an excursion to Ste. Anne de Bellevue during the week-end, November 8th and 9th, when the C. O. T. C. will be the guests of Macdonald College. The unit is indebted to Col. F. C. Harrison, Principal of Macdonald College, for this privilege. Further particulars will be announced later. Names of those who wish to go should be handed in at the Orderly Room.

J. W. Jenkins Major and Adjudant.

## NOTICES

Talking of Higher Quality
Semi-Ready Suits as good as $50 and $60
All our prices subject to 10 per cent. discount to McGill students.

The Guards Model

To design an Overcoat which would be light for Fall wear and yet warm enough for mid-Winter wear was the Chief Designer's idea when he produced the Guards Model.

It's distinctive, different and exclusive in every line and draping. In plain blue we have The Guards Model in values:

$40 $45 $50
$55 $60 $75

Every higher price you pay means added wool value—and better-looking Coats.

Canada's Best Ulster

The reason we love our zero days and deride the critics of our weather is because we have studied how to meet the thermometer with the Coat that it calls for. The Canada Ulster fits in with Canada's weather. The delightful new weaves which give warmth-without-weight are best exemplified in the Whitneys, the French Naps, the Crombies, the Montagnacs and Rug-backs.

$30 will buy a good Ulster—but a $75 or a $90 Crombie or a $100 Montagnac is an artistic creation.

Dress Clothes

A Tuxedo Suit at $45 is worthy of mention—

Perhaps you have the vest and trousers.

We have odd Tuxedo Dinner Jackets of fine Cheviot, silk facings, at $35; and all silk-lined at $40.

Our Fashion Authority in the Man of To-Day says that the white pique dress vest or the black silk Tuxedo vests are de rigueur.

They are not expensive, either.

Would you like free a year's subscription to the Man of To-Day—the only Men's Fashion Magazine published in the world?

While we carry a wonderful variety of values in Semi-ready Suits at $25 and $35—we must not neglect mention of the finer weaves, the pure Botany Worsteds, the superlative Saxonies, the smooth and soft Merinos—the princely garb for men who willingly pay for the rarer quality.

A superb collection of imported weaves in hand-tailored suits—all from the Semi-ready shops—at $40, $45, $50 and $60.

You can "feel" the money in their cloth and see it in their better making.

# McGILL TENNIS STARS WIN IN TOURN'T PLAY

## Crocker and Wright Advance in Indoor Tournament

## LESLIE BEATEN

### Crocker Wins for Second Time from Leslie

McGill tennis stars upheld their reputation as being among Canada's premier players, as a result of their victories in the fourth round of the annual indoor tennis tournament, held on the courts of the Montreal Indoor Tennis Club, yesterday afternoon. Jack Wright the McGill champion triumphed twice in the singles, first lading W. G. Davidson by the score 7—5, 6—2 and later R. N. Watt 7—5, 6—0. The latter match especially was productive of fast and exciting tennis. Mr. Watt started out in whirlwind fashion and soon had Wright running by his fast placers. By a display of marvellous backhand play, Wright managed to stave off the attack and, recovering his steadiness, took the set by 7—5 score. In the next set Watt became winded and erratic and Wright took the set easily, 6—0.

The Crocker—Leslie match, was an all McGill match and the star event of the day. Crocker set a terrific pace from the beginning and except for an occasional display of wonderful "gets". Leslie was swept off his feet. Leslie was somewhat off form and did not show up as well against Crocker as he did in the Semi-final of the college tournament. Crocker ran through the first set 6—2.

In the second set Leslie recovered somewhat and showing flashes of marvellous play forced Crocker to his utmost to win by 6—4.

In another singles match Dave Morris of Com '24 defeated Leroy Rennie former Canadian champion 6—1, 7—5

In the doubles Jack Wright who paired with L. Robert won from Cleveland and A. C. Dunlop 6—4, 6—2. Willard Crocker and Dave Morrice beat Rainville and Fontaine 6—3 6—2.

The results are as follows:—

Singles ....

L. Rennie beat D. T. Hatch 6—y, 4—6, 6—3

J. A. Wright beat W. G. Davidson 7—5, 6—2

D. R. Morrice beat M. Rainville 6—4, 6—4.

J. A. Wright beat R. N. Watt 7—5, 6—0.

Veysey won from G. Nunns 6—0, 6—3.

W. F. Crocker defeated C. W. Leslie 6—2, 6—4.

D. R. Morrice defeated L. Rennie 6—4, 6—2.

Doubles

S. Hardy and E. H. Laframboise defeated L. Rennie and W. Davidson 6——3, 6—0.

J. A. Wright and L. Robert defeated Cleveland and A. C. Dunlop 6—4, 6—2.

D. Morrice and W. F. Crocker defeated Rainville and Fontaine 6—3, 6—2.

10.

**Critical Note.**—After a careful perusal of "Real Life," "True Story", "Smart Set", and other magazines purporting to depict true life one cannot help coming to the conclusion that their stories have about as much relation to real life as walking on one's hand has to the ordinary form of locomotion.

11.

**A Portrait**—He is my friend. He is twenty years old, or to be more precise, on the verge of twenty-one. He is not good-looking. Therefore, the girls will feel only mildly interested in him, but the boys should have nothing against him. He can discuss with great ease and fluency the why's and wherefore's of the relations btween man and woman; he can command to his aid with equal facility the cynical epigrams and pointed sayings of the brilliant writers of the day. He has learnt to seek motives; and for a while achieved great unpopularity with his feminine acquaintances for his devilish delight in delving into the mysteries of their ways. People who do not know him very well will tell you that he is a very quiet boy but his close friends know hat he loves to talk which he does in a very rapid tempo and with animated gestures. He shows flashes of wit; but bores you with similar success when he allows his enthusiasm for certain subjects to carry him away. He openly laughs at marriage; and says—but don't believe h'm—that he will remain a bachelor. Only two of his friends know that last year he wrote an elaborate thesis which he chistened "A Course in Marriage," and that he has devoted a considerable number of pages to that subject in his journal.

He has one stigma attached to his otherwise fair name. For years he has been known as a "good boy," and I am inclined to believe that he deserves this slur. Any fellow who can spend an evening with a pretty girl talking about books and plays and not reward the girl's efforts except with a farewell handshake cannot hope to be called anything more complimentary by that misused creature. And being perfectly honest with himself, he sensed it. And moreover, being of a practical make-up he set about to remedy his social defect. All of which forms part of a different story.

# FENCERS DISPLAY GENUINE ABILITY

McGill fencers held their first practice last night in Strathcona Hall several very good bouts were staged and by the serious looks on some of the participants' faces, it was seen how deeply they were concentrating, showing the interest and enthusiasm that the members took in their work out.

Much genuine ability was displayed and the fencers have reason to hope for another banner year. Last season, McGill won the intercollegiate fencing crown and M. Crestohl, one of the team, took the Quebec Provincial foil championship. He is back again with the club and is willing to give the recruits the benefit of his experience.

Fencing satisfies the requirements of the Department of Physical Training, which calls for two hours of physical work a week. Students who haven not yet chosen some branch of sport would do well to join the fencing club. No experience is necessary and new members will be tutored by M. Rainmondi, the very able and experienced coach, who was instrumental in leading last year's team to victory.

# DR. EVE TO SPEAK AT PHYSICAL SOCIETY

As previously announced in the McGill Daily the first meeting of the Physical Society will be held in the Physics Bldg. at 5 p.m. this evening, when a large gathering of members of the Staff and of students is expected.

Mr. H. T. Pye's new Alpha Ray Track Projector will be operated.

Experiments in spinning cylinders by Dr. Bjerknes of Norway will be repeated by Dr. Eve who will explain their significance and then discuss certain points of special interest which were presented to the British Association Meeting in Toronto last August, by W. L. Bragg, Rutherford, McLennan and others.

An oil study of an Iceberg by Mr. W. M. Barnes will be on view in the Physics Library.

# BIOLOGICAL SOCIETY MEETING AT FIVE P.M.

The McGill Biological Society will hold its first pubic meeting this afternoon at five o'clock in the large lecture theatre of the Biological Building. It is intended to weld together all the biological departments of the University, not merely those that happen to be housed in the new Biological Building. There is hardly any limit to the domain of biology. Its interests are not confined to the laboratories but extend to the open field and the wayside places. This country is of such vast extent that even confirmed Canadians cannot reel off the names of all the lakes in the northern wilderness. The address to be given to-day by the president of the Society, Professor Willey (Department of Zoology), is entitled "Life in Northern Quebec". It concerns observations made last summer upon the life in and around the chain of lakes between Lake St. John and the great Lake Mistassini. The trip was undertaken in consequence of previous findings in Lake St. John. Incidents of the journey will be touched upon and some aspects of Indian life will be discussed.

by Duckworth, the Sophomore President, who urged this year's Freshman class to follow their example and to initiate next year's Freshmen without reverting to horse-play.

The evening's programme was concluded with the singing of "Hail Alma Mater."

# PROFESSOR SMITH AT DELTA SIGMA

## Sympathetic Discussion of Modern Poet

## FRANCIS THOMPSON

### Extracts Read from Author of "The Hound of Heaven"

Yesterday afternoon in the R. V. C. Common Room Professor A. H. Smith of the University of Montreal, delivered an interesting address to the Delta Sigma Society on the life and work of his favorite poet, Francis Thompson. The works of Francis Thompson are considered by some to be mystical and difficult to understand but in reality they are like a gold mine. The more they are studied, he richer the treasures that are unearthed.

Professor Smith began his address by a sketch of the poet's life. Francis Thompson was born in Lancashire in 1859. He was the son of a poor and hard worked country doctor. As a child he was thoughtful and lonely, and associated little with other boys of his age. As his father was a Roman Catholic, he was sent to a Catholic school near Durham, an excellent school but situated in a lonely and depressing spot among the English moorlands. From thence he went to Owen's College, Manchester, to follow in his father's footsteps in the medical profession. His poet's soul rebelled against the atmosphere of hospitals and studies and in the middle of his career he vanished.

He went to London, which is a hard nurse to poets, and there he spent the hardest and most terrible years of his life. It was necessary to earn a living so he tried various tasks. He worked for a time as a shoot-maker, later he was a collector of second-hand books. He could not always obtain work, and in this period of despair he wrote a poem about the "Thames Embankments". This poem proves that in the agonies of the human soul, the great realities of God are revealed in a way that is unmistakable.

Happier days were drawing for the poet. He found friends who received him in their home as a poet, gentleman and friend. He lived with them for the remainder of his life and it was through their aid that he was enabled to publish his poetry.

His most famous poem is "The Hound of Heaven," but many of his other writings such as his "Sister Songs," "Ode to the Setting Sun," "Orient Ode to the Rising Sun," and the poem "To the Dead Cardinal of Westminster" are well known.

Francis Thompson is known because of his short life and tragic story, his wonderful mastery of the English language and his marvellous appreciation of and tribute to young womanhood. His poems should appeal to anyone who appreciates life and poetry. He has gifts to offer to the reader that no other poet can give. Miss Eardley, President of the Delta Sigma Society, thanked Professor Smith for his interesting address. The society then adjourned and refreshments were served.

Among the guests of the society were Mrs. Eve Mrs Mackay, Miss Hurlbatt, Miss Cartwright, Dr. and Mrs Perrin, Mrs. Irwin, Mlle. Framery, Mrs Waugh, Mrs. Williams, Miss Edwards, Miss Henderson, Miss Foster, Miss Woodland, Mr. Baxter and Mr. Mac Odrum.

## THE GAME.

The senior rugby squad trots on the field this afternoon to participate in the crucial game of the season. A victory for Queen's will mean that nothing short of a miracle will place McGill once more in the running for the championship. Should the "dope" be upset, however, and the home team emerge victorious, the three colleges will be placed on an equal footing with equal possibilities of success in the finals. Sports writers and "dopesters" are fairly unanimous in conceding the visitors the better chance of winning. In fact, most of them are quite certain of the outcome.

Two years ago interest in rugby at Queen's received a decided stimulus, and since then the representatives of that University have battled their way through without a defeat to the championship of Canada. This year again a squad of seasoned veterans expect to repeat their previous successes. Already they have handed defeat to what has been termed the strongest team that has represented Toronto 'Varsity since 1921 ( and that by no mean score) .

A few who have been intimately connected with the local team since the beginning of the season, and who have watched it particularly closely during the last week, report a marked improvement in every department, and even predict a victory for the red and white. There are others, too, who have not lost hope, and they are the members of the squad itself. Seldom before has a finer spirit been shown by a team. In spite of numerous defeats incurred during the past two years, and in spite of lack of support, they have set themselves assiduously to the work of training and of building up a team that is not unlikely to win a championship. This afternoon McGill will be represented by a team that does not know how to yield.

## CONDENSED COMMENT.

Thousands of people will be intensely interested in to day's intercollegiate rugby classic between the holders of the Canadian championship for two years and Old McGill. Of those thousands comparatively few will have the opportunity of actually witnessing the fray. In consideration of this fact, the Students' Council has made arrangements to report the game periodically through a local radio station. The "unseen audience" which is certain to include many McGill graduates, by this innovation will gather from ether waves in record time the fortunes of their favourite team playing in a critical game of the intercollegiate series.

Where is the bear "Boo Hoo"?

There is notoriety awaiting the first person who can answer that question satisfactorily. Has the shaggy Bruin revolted against the discomfort resulting from too much publicity? Has he, realizing the strength of fully-developed bearhood, broken away from the petty human devices intended to restrict his freedom? Or has he, optically fatigued with the variegated colours of Queen's, at an opportune moment resorted to the haunts of his forefathers. We anxiously listened last night for the mournful howl, cry, bark, chip or squeak that would give a clue to his whereabouts. We scrutinized carefully the Mount Royal Hotel register. We searched all the nooks and crannies where bears might be found, but all to no avail.

Where is the bear "Boo Hoo."

"Oft in the stilly night," ere slumber's chain bound the devotees of the Daily in the segregated regions of the Union, came the harmonious strains of music and the subdued murmur of many voices from the scene of the informal dance. If there was anything lacking that would contribute to the general joy of merry-making at that function, it was not evident. The spirit of youth held sway and the serious problems of life were effectively forgotten for the time being.

A student band is something many colleges have tried to organize. Few have done so successfully. There seems to be little doubt left in the minds of those who have heard the McGill band that the almost impossible has been achieved. To-day it ventures forth to the Stadium followed by miles and miles — or perhaps inches and inches of rooters.

# INTERFACULTY HARRIER RUN THIS MORNING

### Will Leave Field House at 11.15

### LONG COURSE

### Many Opportunities For Long Distance Men This Year

More than thirty runners are expected to compete in the Annual Interfaculty Harrier race over the long course, wrich leaves the fieldhouse this morning at eleven-fifteen, not eleven forty-five, as was erroneously stated in yesterday's "Daily". Every man who has entered any cross-country meet in the past , or intends to do so in the future, should enter, says Coach Van Wagner, and gain experience.

There is no better way of getting into condition for winter sports than by running of this kind several times a week, and already aspirants for the boxing and the cross-country skiing teams are hard at work. Harrier practices improve wind and stamina to an exceptional degree.

The programme of the Harrier club is a full one, and there will be many opportunities for men to compete, who are not now in condition for the full course, One of the big events will be the Dunlop road-race, held under the auspises of the North Branch Y.M.C.A. about November 23rd. This competition is open to all clubs in the city, and there is no limitation to the number of teams representing one organization. The year before last McGill had two quartets in the running, but only one last autumn. This fall the executive hopes to have at least two groups with red and white colours at the starting-post, but this depends on the number attending practices during the next three weeks.

Other possible events on the schedule are contests with colleges from the United States, but there is nothing definitely decided about this as yet. A week to-day, the McGill men will run in Kingston against representatives of R.M.C., Queen's and Toronto.

The sextette to make the trip from here will likely be selected from the Interfaculty meet to-day, but Coach Van Wagner will not promise definitely that the first six across the line are to represent McGill. In fact, he says that only the leading three or four in this morning's run are certain of places, while the next four of five may have recover the course in a further elimination contest.

The Interfaculty Championships will go to the faculty whose first four men have the lowest total of points, giving one to the first man, two to the second and so on. This does not necessarily mean that the championship goes to the first Faculty having four men across the line, but to the four with lowest points.

Coach Van Wagner continues to ask men who intend to run next year to practise as much as possible now. The Harriers will likely have a good team this season, but they are still on the look-out for good men. The race to-day by no means ends the season for those not on the team, as fresh men will be needed later for the Dunlop and other races. Manager Brain and Captain Kerr continue to urge men to turn out and become members in the Harrier Club.

self possessed of good judgment in pinches, and has a strong voice at snap Wright seems the probable selection. Moore, who was used in the game against Varsity will be the alternative. As inside wings Robert McCombe and Boucher will most likely be the choice. Manson and J. McCombe will start as middles.

The Senior squad this year is composed of men who for the most part are novices in the company who lack the experience of the Kingstonians. Moreover, the Red and White line is considerably lighter than that of the tri-colour. They have, however, developed into a scrappy well-rounded aggregation who will be hard to stop, and who will fight to the last.

The referee for the game will be Bob Isbester of Hamilton, and the umpire will be Joe O'Brien of Montreal. Ticket No. 5 will be used for admission.

# WELL KNOWN BELGIAN TO COACH CLUB

### New Members Elected to Rowing Club Executive

### MR. MOLMON

### First Practice to be Held on Monday

Mr. Molman, a noted Belgian rowing coach, will have the training of the McGill Rowing Club this year, J. Murray, secretary-treasurer of the Club announced last night at a well attended meeting in the attic of the Union. Mr. Molman has had a great deal of experience with European clubs and promises that within two years, if he is given a free hand, he can make a team that can go up against the strongest in the country. He has turned down several lucrative offers from American Universities as he does not wish to lose his amateur standing. The first practice will be Monday from five to six at which Mr. Molman will size up hte material. All who turnout to this practice are requested to be in gym. suits. Attendance for physical training will be given.

The following representatives from the various faculties were elected to the executive, Whitehead of Arts, Ring of Commerce, Walker of medicine, and Grey of Science. Col. Bovey was elected faculty representative by acclamation.

R. Tennant was elected secretary-treasurer to fill the vacancy caused by the resignation of J. Murray, who is not attending McGill this year.

McNaughton and Howey were elected a committee of two to look after the club house and the property of the club.

At the present time the club has to depend on the generosity of other clubs for the use of their boats but President Logan is sure that if forty men pay their club dues he can get a good boat out of the funds.

Next Saturday a group from the club are going out to Lakeside to view the club-house.

Arrangements are being made to buy either a club ticket, or to hire automobiles in which to make the trip. Some twenty members expressed their desire last night to go and it is expected that a number of those who were not out to the meeting will go also. The names of those who wish to go should be handed in to the secretary R. Tennant.

### Our Short Story.

Herford sat next to a soulful poetess at dinner one night, and that dreamy one turned her sad eyes upon him. "Have you no other ambition, Mr. Herford." she demanded, "than to force people to degrade themselves by laughter?"

Yes, Herfor hadanambition. It was a whale of an ambition. Some day he hoped to gratify it.

The woman rested her elbows on the table, propped her face in her long, sad hands, and glowed into Mr. Herford's eyes. "Oh, Mr. Herford," she said, "Oliver! Tell me about it."

"I want to throw an egg into an electric fan," said he simply.—Hickory Smoke.

### Maybe There's Something the Matter With It.

After a week's trial of a second hand car he had purchased, a rural gentleman wrote to the dealer who sold him the car:

Dear Sir:

What makes that dommed car you sold me pant and rant and clang and bang and hiss and spit and howl and yowl and hoot and toot and grind and bump and jump and moan and chug; and whistle and wheeze and squawk and blow and jar and jerk and rasp and jungle and thump and boom and clash and jolt and hum and snarl every time I take it out?

# R.V.C. JUNIORS WINNERS IN SPORTS MEET

### Individual Prize Goes to Miss Glen Cameron

### 3 NEW RECORDS

### Banner for Best Yell Awarded To Seniors

The R. V. C. Juniors won glory for their year at the Annual Sports yesterday by winning the unusually large class total of 34 points. The individual prize was awarded to Miss G. Cameron of second yaer, who had a total of 12 points, while Miss R. Dunton '26 and Miss N. McMartin, '28 tied for second place with 10 points each.

Three records were broken, and the results in most of the events compared favourably with those of previous years. Although in several instances better records were made in the practices than in the actual meet. Miss R. Dunton and Miss M. Dougall broke their own previous records in the Running High Jump and the Javelin Throw respectively. In the Hurdles Miss Mc Martin broke the former record established by Miss Leggatt by bringing the time from 11 1-5 seconds to 10 1-5 seconds.

The Freshies won second place with 21 points, the Sophomores came third with a total of 18, and last but not least were the Seniors with 7 points, which number enabled them to improvise an appropriate yell.

After the regular events the various classes congregated together and gave their yell in turn. A banner was awarded to the Seniors for the best class yell from the point of view of originalty and delivery.

The Graduates' race, which is always an item of general interest, was won by Miss E. Russel, while Mrs. Corbet came second. In the Inter-year Relay First Year came first, Third Year Second, and Second Year third.

Undoubtedly the success of the Junior Year was in some degree due to the exceedingly lively mascot they possess. During the yell he experienced a desire to emulate his patronesses and display his athletic prowess, in a spirit conducted in an entirely original manner to the delight of the spectators.

The weather was all that could be desired, aid a fair number of spectators gathered at the Stadium.

Miss Hurlbatt awarded the prizes. Miss Cartwright, Miss Wain, Miss Harvey and several R. V. C. graduates acted as officials and judges, and each event was run off as if by clock work, with no delays.

The results of the events were as follows:—

**500 Yds Dash**

1 —M. Bedford—Jones; 2—D. G. Cameron; 3—L. Norris; Time 7 1-5 seconds.

**Running High Jump**

1—R. Dunton; 2—V. Hulin; 3—E. Hutchison. Height 4 ft. 1 3-4 in. (new record.)

**Window Jump**

**Javelin Throw**

1—M. Dougall; 2—F. Stocking; 3—J. Scriver. Distance 57 ft. 9 1-2. (new record.)

**Running Mroad Jump**

1—N. Mc Martin; 2—M. Ratner; 3—VV. Robertson (partial) 4— D. G. Cameron. Distance 12 ft. 11 1-2 in.

**Baseball Throw**

1—M. McLaren; 2—F. Stocking 3—D. M. Roberts. Distance 146 ft. 10 in.

**100 Yds. Dash**

1—R. Dunton; 2—D. G. Cameron. Time 14 seconds.

**Graduates' Race**

1—E. Russel; 2—Mrs. Corbet.

**Hurdles—60 Yards**

1—N. McMartin; 2—B. Carter; 3—V. Robertson (Partial); 4—F. Stocking. Time 10 1-5 seconds.

**Inter—Year Relay—2 0 Yards**

1—First Year; 2—Third Year; 3—Second Year.

A casualty insurance company that had required some additional evidence to support a claim, recently received a letter from the widow of the insured which ended:

"If have so much trouble getting my money that I sometimes almost think I wish my husband were not dead."

Wise doctors always word their advice to their patients so that they will not take offense. A man, says a writer in the St. Louis Globe-Demonerat, once called on a physician to see if he could find some remedy for a red nose.

"Doctor," he said, "what shall I take to remove the redness of my nose?"

"Take nothing—especially between meals," the doctor answered. —Ex.

"Good mornin' to ye, Pat, and what kind of p'rates are ye digging?"

"Raw ones, your riv'rince."

"Och, ye're so smart. I'll just give you a question on the catechism. What is baptism?"

It used to be four shillin's afore ye came, but now it's twenty shillin's.'-Ex.

Limit their own opinions
Within the bounds of another's,
Not because that is the extent
Of their own thoughts
But because they are afraid
To go beyond the opinions of one
Who in some manner
Is considered an authority.

# M.S.P.E. TEAMS SPLIT FINALS OF LACROSSE

### First Junior Team Defeats Seniors 1—0

### AT STADIUM

### Senior B Team Defeat First Year With Score 4—0

Two very exciting matches broush the M. S. P. E. Lacrosse Season to a successful close yesterday morning.

Team A. of First year won by a score first of 1-0, but the Senior B. Team saved the reputation of the class by making a score of 4-0.

Team B. faced off first. The senior won the draw, but the ball was recovered and carried toward the Senior goal, and the play remained in this section for about eight minutes. The ball was then carried down the field by Miss Tatlow who shot but failed to score. Miss Parke recovered the ball and scored. Miss Montgomery made several good runs but was checked by the strong Senior defence. Shortly before the whistle for half time Miss Tatlow brought the score up to 2-0 for the Seniors.

The First Teams then took the field. The Juniors won the draw and Miss Westlake carried the ball toward Senior Goal but failed to score. Miss Robertson made some spectacular runs but there was a lack of co-operation on the ptrt of the attacks, and each time the ball was recovered and brought back to the Senior goal. Miss Depew made the only score of the game by a clever over-head shot. The ball was carried to First year goal, passed by Miss Field to Miss Crang who shot but was checked by Miss Amaron.

In the second half of the game for team B. the play was for the most part around First Year goal. Miss Tatlow scored a second time. The Seniors won the second draw and carried the ball to the Junior goal. Miss Rutheford shot and made a goal, but it wis not counted as she was inside the square. The final goal was made by Miss Ziff.

In the last period of the A. Teams the play was not confined to either end of the field for any length of time. A decided lack of combination was evident in both teams. Miss Burton was the outstanding player for the First while Miss Robertson upheld the honour of the Seniors.

# McGILL SONGS

### QUEEN'S YELL.

Queens! Queens! Queens!
Oil thigh na Banrighnn guborth
Cha ghell! Cha ghell! Cha ghell!

We're out for gore,
We're out for gore,
We're out for gore,
Keep her low,
Keep her low,
Keep her low,
M—C—G—I—L—L
What's the matter with Old McGill?
She's all right. Oh, yes, you bet.
McGill, McGill, McGill,
Rah! Rah! Rah!
Rah! Rah! Rah!
Rah! Rah! Rah!
McGill.

I diddley I di
Give the dog a bone,
Hee Haw! Hee Haw!
Haw, Haw.

### HAIL, ALMA MATER.

Hail Alma Mater, we sing to thy praise,
Great our affection, though feeble our lays,
Nestling so peaceful and calm 'neath the hill,
Fondly we love thee, our dear Old McGill.

Hail, Alma Mater, we sing to thy praise,
Loud in thy honour, our voices we raise,
Full to thy fortune, our glasses we fill,
Life and prosperity, dear old McGill.

Hail, Alma Mater, thy praises we sing,
Far down the centuries still may they ring;
Long thro' the ages remain — if God will,
Queen of the colleges, dear old McGill.

### McGILL MARCH SONG.

We're out to win
Try our hand and see,
We'll give all we have, and then some,
We'll show you the way,
M-C-G-Idouble L.

Chorus—

Follow our team along,
Watch them fight their way,
They are giving all they have,
They are on to stay,
We're back of them for aye,
However goes the play,
Naught can stop the old Red and White,
From winning their game to-day.

There ain't no flies on us,
There ain't no flies on us,
There may be flies on some of you guys,
But there ain't no flies on us.

**Tune: TAMMANY.**

James McGill!
James McGill!
Peacefully he slumbers there,
Blissful though we're on a "tear."
James McGill!
James McGill!

He's our father; well, yes, rather,
James McGill!

Choo — Choo — Choo — Choo
CHOO — CHOO — CHOO — CHOO.
S S S S S S S
S S S S S S S
— whistle —
M—c—G—I—L—L.

**To the tune of the Dxology.**

**To be sung just before games.**

There are two teams who play McGill,
And they are Queen's and Varsity,
They always come to make a kill
But we must win the victory.
M—c—G—I—L—L—Yell —

Give them the axe, the axe, etc.
Where!
Right in the neck, the neck,
There, etc.,
McGill.

Rifferty, rifferty, riff, raff,
Chifferty, chifferty, chiff, chaff,
Let's give them a cat call —
Meow.
Aren't you ever coming back, Queen?
No, never!
What, never?
No, never ! !

**Tune—PUT ON YOUR OLD GREY BONNET.**

Put on your Red and White Sweater,
For you'll have none better,
And will open up another keg of beer,
For it's not for knowledge
That we came to college,
But to raise H—— all the year.

**YELL (Slowly)**

The Cat's paw!
The Bee's knees!
The Lion's jaw!
The Flea's sneeze!
That's McGill! !

Strum tiddlee um dum,
Strum tiddlee um dum,
McGill, McGill, McGill,
Put em on the run,
Strum tiddlee um dum,
Bum, Bum,
Oogie, Oogie, wa, wa,.

Come fill your glasses up,
To McGill, McGill, McGill.
Some fill your loving cup,
To McGill, McGill, McGill.
We will drink the wine tonight,
Drink the wine that makes hearts
To McGill, McGill, McGill.

Come sing a joyous song,
To McGill, McGill, McGill.
Sing as we march along,
To McGill, McGill, McGill.
We will make our rivals yield,
We will rally on the field,
Victory shall crown the Shield
Of McGill, McGill, McGill.

**To the tune of: LAST NIGHT ON THE BACK PORCH.**

Queens has a good team,
And its football they play,
Last season was a good one,
For all things came their way.
But this year 'twill be different,
For the dear Old Red and White.
For when we get started,
It's poor old Queens, Good Night!

Then up from Toronto,
Another team come,
We'll kick them, and buck them
Till we put them on the bum,
Then back in Toronto,
I know just what they'll wear,
They'll have just one colour,
And that one will be blue.

***If it is worth writing use a Fountain Pen***

Like other people of action nowadays you carry a note book. It contains notes on personal and business matters; many of them are extremely important. Their loss would mean much to you—to replace them would entail time and worry—if they proved irreplaceable, it might mean a financial loss.

Pencilled memoranda are out of date — they are unsafe — they will get blurred and illegible in the best of note books.

Be modern. Buy a fountain pen. It will make all your notes easy to write and easy to read.

Waterman's Ideals are making safe indelible records in millions of note books every day.
